

Cancun, Mexico Vacation Packages

Think of powdery white beaches, cerulean blue seas, romantic, breezy nights, world-class vacation resorts, fabulous restaurants and you are in Cancun! You'll experience world-renowned fishing, diving, snorkeling, the second largest barrier reef in the world, archeological sites and eco-parks in the fabulous destination visited by over 3.5 million people per year.

Cancun began to be developed in 1974 when the town was targeted for tourism development due to its ideal mix of natural elements and its immense potential for growth. Within three decades, Cancun has been transformed from a deserted beach to a five-star resort location.

There are really two Cancuns: **Ciudad Cancun (Cancun City)** and **Isla Cancun (Cancun Island)**. Ciudad Cancun, on the mainland, is the business area, all within nine blocks. **Isla Cancun** is the sandy fourteen mile strip connected to the mainland by two bridges. The land creates a ring around the Nichupte lagoon, a rich reminder of Cancun's jungle past.

In addition to its spectacular coastline, Cancun also affords visitors the highest quality accommodations; easy access by air; an unrivaled range of shopping, world-class dining, and nightlife; and endless outdoor activities. And it's a gateway to the nearby ruins of Tulum, Chichén Itzá, and Cobá.

A day in Cancun could begin with a jet-ski tour of the nearby jungles or a visit to Maya ruins, followed by an afternoon of water sports or lounging poolside. After soaking up the sun, you could browse through a Mexican *mercado* (market) in search of bargains or visit upscale stores for duty-free deals. Then dine at one of several five-diamond-rated restaurants before heading out to a rocking bar or dance club filled with others who cannot bear to go to bed until dawn.

You will likely run out of vacation days before you run out of things to do in Cancun. The warmth of Cancun, the beauty of the ocean and the tranquility of the endless beaches await you. Call Rooms101.com to book your Cancun vacation escape 1-800-749-4045
